📍 Montgomery Street, San
Francisco, CA 94105

HIGHLIGHTS

- Design instruction creation
- Engineering operational functions
- Assembly drawing

EDUCATION

Santa Fe Community College
Santa Fe, New Mexico

Associates of Applied Science:
Drafting Technology

SUMMARY

Objective: To obtain a drafting/design position as an Engineering Technician in Substation Design

ACCOMPLISHMENTS

Mastered engineering software programs, including [Documentum] and [Project-Wise].

EXPERIENCE

Leidos Holdings Inc. - Substation Designer
Seguin, TX • 10/2012 - Current

- 3 Bentley Microstation and 3D Certificates.
- Completed Projects from Legacy drawings.
- Extend Use of AEP Drafting and Design Standards.
- Station Entry Training.
- 1 year weekly training by Retired PSO and AEP TCR.
- Many PSO Station visits for training by same TCR.
- Assigned to AEP Substation Design Team for Texas North and Texas Central areas under Bret Greenhaw and Liliana Cazacu.
- Attended AEP lunch and learn sessions.
- One on One training with EASi Lead Designer.
- Proficient with Project-Wise.
- Completed 1 year of PSO-AEP key training.
- Knowledge of AEP programs for Scoping and Design.
- Did over view of Bentley Substation Design.

Engility Corporation - Engineering Technician IV
Travis Air Force Base, CA • 2000 - 2010

- Design and draft substation plans and layouts o Create sections, grounding, conduit and detail drawings.
- Create and draft bill of material drawings.
- Experienced drafting from existing PDF's or raster images.
- Draft substation steel structures, foundation plans, details.
- Draft schematics and electrical diagrams to client standards.
- Use scaling to match any scaled print for team use o Experience in 13.5kv, 69kv, 138kv,345kv,and some 500kv.
- Use 3d modeling to layout substations.
- Extensive experience troubleshooting drafting problems.
- Majority of project completed in Microstation and AutoCad.

Amentum - Engineering Technician
Aiken, SC • 1998 - 1999

- Drafting for civil site plans.
- Performed lot splits, platting, boundary drawings, title and deed searches.

Gannett Fleming - CADD Operator
West Palm Beach, FL • 1995 - 1998

- Processed and transferred survey data.
- Operated GPS equipment.
