

# MICHAEL SWAN

ERP Consultant

---

## OBJECTIVE

Enthusiastic and highly-motivated ERP Consultant with 7 years of experience in IT process improvement measures. Looking for a reliable company to give benefit and share experiences.

## EXPERIENCE

### ERP Consultant

*Timesoft Consulting, 2015-2017*

- Provided implementation consultation, project management, and support services during SAP Business One installations, upgrades and customizations
- Recognized and addressed gaps between SAP Business One solutions and the business practices of the clients

### ERP Consultant

*Avalara | 2017-2019*

- Supported the preparation of the scope of work by providing task/time details
- Developed and maintained expert knowledge of SAP Business One
- Audited current users and their use of SAGE to insure they meet the full compliance necessary for successful business processes
- Trained all new team members and provided follow up training to existing team members
