SUMMARY

I am a dedicated teacher eager to obtain a position as a Special Education Facilitator with Fayette County Public Schools. I offer a realm of experience in teaching special education, third grade, and fourth grade. My passion is to become a leader and team member in a school that has a strong culture. One where relationships with students, families, and colleagues are valued and recognized within the entire school community. My classroom is a reflection of the high expectations that I hold for my students. My delivery of instruction supports a strong curriculum where students are actively engaged in learning that is tiered and differentiated to meet the needs of students in my classroom.

ACCOMPLISHMENTS

Service Team Member (2007-2008) - Grade level representative, attend monthly meetings about school decisions/issues, bring back information to grade level team.

Site Based Decision Making Council (SBDM) (2002-2004) - served on a council as a teacher representative, and chair person/facilitator for hiring a new principal for Central Elementary.

Team Leader (2008-2009) - Leader of the 3rd grade team, develop grade level instructional plan for success, construct data notebook to analyze student achievement, facilitate weekly planning and common assessments, and set performance goals.

Teacher Facilitator (2006-2007) worked in collaboration with Eastern Kentucky University Math Professor in planning and delivery of instruction for a variety of math strategies.
