Android, Bugzilla, Web, Mobile, QUI, Functionality, Smoke Acceptance, Regression Testing

WORK EXPERIENCE

Software QA Tester

Infomatrix Global - September 2014 - April 2018

- Tested the leading independent airport parking directory and reservation network on the internet.
- Prepared the test traceability matrix to confirm the test coverage and mapped it with the test cases.
- Interacting with the developers and business users to communicate the defects and actively participated in replicating the bugs and performed regression testing using Jira.
- Coordinating the acceptance test processes and documenting and addressing all the issues during the process.
- Interacting with the development configuration and operations team to ensure the quality of software to user expectations.
- Verifying the integration of various components in the application and executed end-to-end testing.
- Participating in release review/requirement analysis and design review meetings.

Sr QA Tester

ABC Corp - 2012 - 2014

- Created and maintained automation suites using testcomplete scripts to increase efficiency, and allow for more time spent on manual exploratory testing.
- Found, researched and reported the bugs in Jira/Hansoft.
- Wrote, maintained and executed the Test Cases as necessary.
- Prioritized, assigned and delegated the tasks to QA testers on a daily basis.
- Tracked the daily/weekly progress of projects to ensure releases are on schedule.
- Gathered and reported the test metrics.
- Clearly communicated the overall health of the product to key stakeholders via status updates.

EDUCATION

MA in Financial Management - (Moscow University For Industry And Finance - Moscow, RU)
