
Automotive engineer CV Sample

/Jane West/36 Eton Road, Slough/07789 998 889/janewest@fmail.com

Professional Summary

My interest in cars and the automotive industry has led me to my degree in Mechanical Engineering and my voluntary work as a motorsport scrutineer. While in the sixth form, I was a member of the school Engineering Club, and built a kit car with other members. I am familiar with CAD software, as well as analytics software and databases. I have strong literacy and numeracy skills, and I am a good team player and communicator, able to work with clients and colleagues at all levels. I am experienced in project management, budget control, and working to deadlines.

Core Qualifications

- BSc in Mechanical Engineering
- CAD software
- Project management
- Driving licence

Experience

Work placement, Cobham Motors (2014 - 2015)

- Project management
