EXPERIENCE

Angel Investment Intern

Jan. 2014 – Present

Golden Seeds, New York, NY

- Facilitate the transition to Golden Seeds' new software system for managing investment activities by ensuring quality data transfer, troubleshooting user experience issues, and maintaining an up-to-date user manual that guides investors and entrepreneurs through the functions of the new system.

Data Analytics Intern

June – Aug. 2012

Graphtrack Corp., Baltimore, MD

- Implemented and programmed a PHP/MySQL-based web application that processed, analyzed, and visualized the nutritional content of recently purchased foods by the health-conscious consumer.
- Identified trends in grocery shopper consumption data to fuel customer segmentation and drive supermarket brand strategy.

Course Research Intern

June – Aug. 2012

Johns Hopkins Department of Applied Mathematics & Statistics, Baltimore, MD

- Collaborated with a team of faculty, graduate and undergraduate students to design the key aspects of a new introductory statistics course, including case studies, data sets, and R learning modules.
- Developed two psychology-centered modules, complete with real-world and Hopkins-centric data sets that guided students through exploratory data analysis in R.

LEADERSHIP & COMMUNITY SERVICE

Johns Hopkins Organization for Finance & Investment Team

Co-Chair, Baltimore MD

Feb. 2009 – May 2012

- Co-managed an endowment of \$140k with profits providing scholarship funds
- Apply valuation techniques in the research and investment decision making process including discounted cash flows and key ratio comparisons within sectors.

Pen Lucy Youth Partnership

Mentor & Tutor, Baltimore, MD

Oct. 2010 – May 2011

- Tutored young, underprivileged students in Mathematics and English
- Organized activities and games to promote and emphasize teamwork
