PROFESSIONAL SUMMARY

My first job and current job is being a cashier. I first started started out at Target when I was 16 years old and from there have worked there ever since. I have learned a lot from this job from communication skills and learning how to connect with people in a short amount of time. I also learned how to work a cash reigster and handle money. This job has alò helped me with my communication skills and being more open as a person. Then in the summer of 2019 is when I decided I needed something new job wise so I worked for the HOTV YMCA as an assistant child care teacher. I worked with children at Tanner Elementary school and played with children ages 4-12 years old. I went on field trips with the children and also went swimming with them at the YMCA on swimming and gymnastics day. I helped prepare morning and afternoon snack and alsò helped apply sunscreen to the little's when we were to go outdoors. When fall of 2020 came around I moved to Green bay for college and began working at KinderCare as an assistant child care teacher for the toddler B classroom. Here, I work with toddlers and help them with emotional, physical, and social devlopment through play, activities, and by learning outdoors. We do lots of fun activities each month based on out theme for the month. Overall I love working with children and plan on working with children when I obtain a full time career after graduating college.
