- Perform operational support and analysis for an assigned area
- Participate in the development of specifications, policies, and procedures for the assigned area
- Ensure that architectural design work is organized with project staff
- Apply engineering disciplines by keeping clear and frequent communication
- Review projects to ensure that applicable codes, standards, and procedures are followed and that quality is satisfactory
- Provide oversight in the development of required project scopes and cost estimates for construction contract purposes
- Prepare estimates for fees and construction contracts
- Provide technical and administrative guidance to colleagues in preparing construction drawings and specifications
- Seek new work by marketing and giving presentations
- Prepares and provide high-level briefs to senior leadership

Architect, Planate Management Group, New York

April 2009 — February 2015

Under the supervision of the Senior Architect, I created and implemented 20 innovative high-quality solutions per year. I led and participated in 3 sales projects per month (projects with a budget of up to \$2 million) and met 2 potential clients a month.
