

# Marie Pearce

UX Designer, San Francisco, CA

Six years of experience designing products used by millions of people.

San Francisco, CA | andy@email.com | 555-555-5555 | andycob.com

## Work Experience

### Figma

Mar, 2017 - Current

#### *Lead UX Designer*

- Led design of auto layout feature that allows customers to easily resize components.
- Improved layout grid interface, allowing for more precise and consistent layouts.
- Collaborated with the Product team to improve accessibility site wide

### Google

2014 - 2017

#### *UX Designer*

- Led material design team of 6 designers responsible for standardizing design across Google properties.
- Created a color palette for creating hierarchical, expressive, and legible websites.
- The color palette also met accessibility standards for contrast and color blindness.

### Apple

2012 - 2014

#### *Human Interface Designer*

- Designed the Spotlight search interface for iOS 8. Worked closely with engineering on interactions and transitions.
- Worked with a team of three designers on widget based notifications.

## Education

### RISD

2008 - 2012

#### *BFA Graphic Design*
