

# Wei Ting Chen

*Remarkable garment merchandiser spearheaded 30 stores' seasonal garment selection and drove 20% growth in sales every year.*

A garment merchandiser having three years of experience at H&M plus five years of experience at Pull&Bear. Worked closely with the purchasing department and spearheaded the implementation for both the online and offline garment display. Reliable fashion taste and aesthetic aligning the seasonal fashion trends led to an annual increase in customer satisfaction.
