SUMMARY

Dedicated, innovative teacher who strives to create literate, thoughtful communicators in the world. I focus on an intense study of reading, writing, listening, speaking, and viewing. I also facilitate the development of strategic readers, effective writers, engaging speakers, and critical thinkers. Additionally, I support an environment of mutual respect and open communication with administration, teachers, parents, and students. Most importantly, I encourage and motivate students to find their passion for literature, history, and writing!
