PROFESSIONAL SUMMARY

- 7+ years of experience in Database Administration for large databases in SQL Server 2005, SQL Server 2008,2008 R2,2012,2014 and 2016.
- Systematic and organized SQL DBA trained in database systems management using a variety of technology platforms.
- Qualified SQL DBA committed to data integrity.
- Experienced Database Administrator on Production Servers using SSCM,SSMS, performance tuning tools such as profiler,DTA.
- Hands on experience on SQL Server Replication, Backup/Restore, Disaster recovery and planning.
- Having hands on experience in Log Shipping and Database Mirroring.
- Troubleshoot performance problems, fine-tuning of databases and index Analysis.
- Excellent communication skill, critical thinking and problem solving skills.
- Experience in Batch processes, Import/Export, Database Monitoring tools and Application support.
- 24/7 Production Database on Call Support.
- Microsoft PL-300 Certified.

SKILLS

- SQL Server
- MySQL
- SQL Server Integration Services (SSIS)
- SQL Server Reporting Service (SSRS)
- Power BI, DAX
- AWS Redshift, S3 bucket
- Replication
- Mirroring
- Backup and recovery
- Ensuring data integrity
- Data security

PROFESSIONAL EXPERIENCE

SQL SERVER DATABASE ADMINISTRATION 12/2020 to CURRENT

Qsronline.Com, Llc | Corpus Christi, TX

- Responsible for installation, configuration and complete administration of different versions of SQL Server (2008 to 2014)
