EARLY CHILDHOOD EDUCATION EXPERIENCE

Classroom Planning and Activities

- Designed curriculum featuring age-appropriate activities for children ages 2-5 years at Lombard Nursery School.
- Implemented age-appropriate and child-initiated activities in directing learning experiences for children ages 2-7 years in a day-care setting.

Effective Teaching Methods

- Provided a wide range of optional play and learning materials to appeal to all children's interests, maximizing participation and enjoyment.
- Carefully observed and communicated with children to develop activities relevant to their immediate interests and needs.
- Promoted the development of social skills by helping children learn to communicate their feelings and to hear each other.

Teamwork

- Co-facilitated program planning meetings of political action organization
- Promoted full and effective participation and follow through, by making sure that all members' primary concerns were heard and considered.
- Resolved conflicts by identifying points of agreement.
