SUMMARY

Hands-on Science Teacher committed to promoting student learning with diverse instructional strategies and activity plans. Skillful in teaching students how to learn and develop deeper understanding of foundational skills and advanced techniques. In-depth knowledge of writing effective and age appropriate curriculum.

EXPERIENCE

Behavior Health Network - 8th Grade Science Teacher
Greenfield, MA • 08/2019 - Current

- Adapted teaching methods and instructional strategies to promote learning in students of differing skill levels.
- Met with parents and guardians to discuss student progress and areas for improvement.
- Administered tests, quizzes and other assignments to gauge students' learning and knowledge of course materials.
- Delivered clear, informative lectures on subject matter framed to meet state standards.
- Assessed student progress with course material through routine quizzes, final examinations and standardized assessments.
- Set up demonstrations, assisting and supervising students while conducting experiments.
- Monitored student performance, offering constructive feedback and additional aid to struggling students.
- Used differentiated instructional techniques to promote content relevance.
- Organized and expedited chemistry labs and anatomical dissections.
- Graded tests and papers and uploaded grading information to district system.
- Created study guides and supporting materials to reiterate lecture details and prepare students for tests.
- Conferred with specialists to support needs of students with individualized educational plans.
- Attended variety of professional development workshops centered on learning goals, classroom management, student motivation and engaging learning activities.
- Used positive reinforcement method to redirect poor behavior.
- Adhered to district standards for reporting on academic progress, student attendance and assessment data.
- Differentiated instruction for students with wide range of skill and interest levels.
- Evaluated students' academic performance, social development and behavior.
- Assessed student classroom performance to report on progress.
- Compiled, administered and graded examinations and other assigned work.
- Determined lesson objectives and clearly communicated to students.
- Devised lesson plans aligned with curriculum and met varying student needs.
- Built life-long learning skills and strong study habits in students to help each prepare for higher-level education.
- Facilitated activities that developed students' physical, emotional and social growth.
- Tutored students requiring extra help and gave additional practice work to help improve concept understanding.
- Tested students' comprehension of subject matter through quizzes, tests and projects.
- Observed fellow teaching professionals, gathering valuable techniques to use in classroom.
- Led students through safety procedures for active shooter and fire drills.
- Boosted student learning by facilitating in-depth classroom discussions to expand upon lectures.
- Used videos, lectures and moderated discussions to engage students during class.
- Employed assessment tools and strategies to improve instruction methods.
