O B J E C T I V E *Architect Residential and Commercial*

I am looking to find a position in residential or commercial architecture, as an experienced architect trained in all areas in order to become an asset to the company.

Q U A L I F I C A T I O N S

- 3 years hands on experience creating operational models.
- Residential design experience.
- Commercial design experience.
- Block foundation design experience.
- 2 story residential or 8 story commercial building experience.

W O R K H I S T O R Y

2010-2014: Holder Construction, Indianapolis, Indiana.

Designed all residential and commercial building according to customer specifications and state code requirements.

2006-2010: Homes Inc. Indianapolis, Indiana

Designed numerous residential homes using bricks, or stones, also tile and other masonry materials, builder favored these materials implemented plus an unusual structural design, which was a hit with buyers.

Proficient user of AutoCAD, Rhino, Adobe Creative Suite, Maxwell, Word, and Excel

E D U C A T I O N
