

Apr 2014 - Mar 2017

Tampa Electric, Florida  
Mechanical Project Manager

#### Outline

Working for one of Florida's largest investor-owned electric utilities. Facilitated key projects, requiring the management of large project teams comprising 35 to 50 members. Oversaw the management of all mechanical work scopes for the Big Bend Power Station and the fit out of new Apple Stores across the state; reported to the Lead Mechanical Engineer.

#### Key Responsibilities

- Monitored works as per approved drawings and project specifications
- Liaised with engineering and material departments to resolve field technical issues
- Steered the implementation of all field works while considering safety requirements and procedures
- Performed site works as per the agreed schedule and reviewed schedules in case of contingency or delayed material receipt
- Improved the site efficiency and productivity to meet project schedules and completed the construction of test packages prior to testing

#### Key Achievements

- Submitted tenders for 130 contracts within 10 months. Successfully secured 79% of contracts to the value of \$200,000.

Aug 2012 - Apr 2014

Del-Air, Leeds  
HVAC Mechanical Engineer

#### Outline

Working for Florida's leading heating and air conditioning company. Orchestrated the installation and commissioning of all HVAC equipment. Managed a team of 7 mechanical and site engineers; reported to the Lead Mechanical Engineer.

#### Key Responsibilities

- Validated project progress and confirmed HVAC works were carried out in compliance with project specifications
- Ensured adherence to approved project schedule and budget
- Oversaw provision of technical support to trouble shoot any technical issues
- Ensured punch lists were properly detected, cleared and integrated
- Conducted pre-commissioning and led the mechanical completion
- Performed pre-installation surveys to identify required materials

#### Key Achievements

- Achieved 83% client feedback profile across all construction projects resulting 30% portfolio growth.
