• PROFILE •

As a versatile .NET Developer, I'm dedicated to continuous learning and possess a solid background in software development, with a strong focus on .NET Core. I thrive in dynamic environments that promote personal and professional growth. My expertise includes C#, JavaScript along with proficiency in SQL and Microsoft technologies. Recognized for teamwork, I'm enthusiastic about contributing to my employer's goals. I am highly interested in expanding my horizons and am open to relocating to other countries in Europe to pursue exciting opportunities in the field of software development.
