EDUCATION

B.S ELECTRONICS

University of San Francisco

2006 - 2011 GPA: 3.5 / 4.00

ACHIEVEMENTS

Conceived and designed new services

Designed and implemented bandwidth classification and monitoring system for a strong UX. Thanks my effort sales forces cross-sold new services & Increased CR by 5%.

Designed and engineered a large scale migration

For a big Firm in Oil&Gas industry I have designed a migration plan from legacy Data Center to newer ones overseeing people involved the whole process that lasted about 18 months

SKILLS

Switching

Catalyst 3700,3960 , 2960 , 4500

Nexus 7000 and 1000v

IOS, NX-OS, CAT-OS upgradation

MPLS

T1/T3/OC 3 Frame-Relay

vPC, VDC, STP

Wireless

Cisco Aironet APs AIR-CAP2602I-N-K9

AIR-AP1142N-N-K9 Cisco Wireless

CERTIFICATION

Milcom IT school

Certificate of professional qualification

Kanoos Group Of Companies

Certificate of Appreciation
