

## PMO / Contract Management and Project Delivery Executive

Mastery in effectively leading large, complex programs – on a global scale – including creating or restructuring PMO's. Proven success in enrooting the framework and processes to operate the Project Management Office to IMPROVE BUSINESS PERFORMANCE and RECOVER THE COST OF CAPABILITIES DELIVERED. Strength in identifying and driving opportunities to standardize, centralize, optimize, simplify or consolidate processes and people across all business platforms to ensure FUNCTIONAL ALIGNMENT. Demonstrated leadership savvy to drive change within an organization, cultivating support and MAXIMIZING CONTRIBUTION FROM TEAM MEMBERS.

### UNIQUE VALUE PROPOSITION:

Resourceful and versatile strategic visionary with a "big picture" perspective and deep understanding of Project and Program implementations, structure, lifecycle and best practice standards. Catalyst in improving the predictability and efficiency of an organization's project delivery capability, with finesse in cultivating relationships and influencing key interfaces and stakeholders. Consistent track record of achieving positive results through assessing situations, removing roadblocks and proactively navigating change to move programs forward.

### KEY BENEFITS AND ADVANTAGES:

Proven ability to: (1) Collaborate with business and executive leaders to translate strategic direction into actionable projects / initiatives to achieve corporate goals; (2) Manage all PMO processes, monitoring and measuring program execution, financial impact, quality and risk; (3) Serve as Project Recovery expert, reviewing project's current state, identifying areas in jeopardy, resolving problematic issues and driving a corrective plan; (4) Direct and develop Program and Project Management teams, coaching and mentoring staff on leadership competencies, methods, and effective execution, and cultivating a synergistic culture focused on innovation, accountability and performance.

### STRENGTHS AND TALENTS:

Project Governance / Resourcing	Capabilities Development / Support	Project Turnaround / Recovery
Continuous Improvement	Deploying New / Enhancing Existing PMO	Client Relationship Building
Contract / Bid Management	Change Management / Transformation	P&L Performance / Budgeting
Team Leadership / Mentoring	International / Cultural Awareness	Organizational Development
