## PROJECTS

### Design Projects

- **Heritage Corner at Vadodara (65000 sq.ft)**- Concept planning, finalizing concept, finalizing architectural plans w.r.t structural design, involving MEP and giving design force for producing working drawings.
- **Corner heights at Vadodara. (1,25,000 sq.ft)**- This is a commercial building that has retail and office premises developed by the same client. The look of the building posed new challenge. Here I took time to show the finished look of the building, meantime intertwining with MEP services working on plans. The final look was extolled when presented with justifications. I finished this building with periodic site visits, detailing and working drawings.
