WORK HISTORY

- 01/2020 to Current **Lawn Maintenance Laborer**
Mcdonald's – Butler, PA
- Diagnosed problems with equipment and performed regular maintenance to keep equipment functional.
 - Followed planned landscaping designs to determine locations for sod, sown grass, flowers and foliage.
 - Maintained routine landscaping schedules to boost lawn health and keep facilities neat and well-groomed.
 - Used shears, pruners and chainsaws to prune and trim hedges and shrubs.
 - Mixed and sprayed fertilizers, herbicides and insecticides onto shrubs, trees and grass to maintain soil fertility and defend against weeds and insects.
 - Cared for lawns by mulching, aerating, weeding, grubbing and trimming and edging around walks, walls and flower beds.
 - Installed underground sprinkler systems to provide grass and greenery with adequate water supply.
 - Enhanced visibility and improved shapes of trees and bushes with proper pruning.
 - Applied weed-control and pest-killing chemicals to lawns to protect growth and improve attractiveness.
 - Removed overgrowth, hazards and debris from common pathways to improve usability.
 - Demonstrated skilled use and maintenance of landscape tools and equipment.
 - Assisted with weekly project planning and crew scheduling.
 - Removed and disposed of plant debris from work sites to keep areas safe and well-organized.
 - Maximized water conservation by checking sprinkler spray angles and testing performance of digital controllers.
 - Maintained commercial and residential landscapes working in team environment.
 - Provided upkeep to residential work sites, including hedge and shrub trimming.
 - Maintained grounds including trimming, weeding and general clean-up.
 - Trimmed around trees, flower beds and other yard features.
 - Mowed lawns using self-propelled and riding mowers.
 - Reduced safety issues by cleaning all construction areas to maintain regulatory compliance.
 - Collected and removed debris at each job site.
 - Applied chemicals to remove unwanted weeds and pests.
 - Trimmed greenery, shrubs and hedges to maintain uniform appearance.
 - Landscaped yards by planting flowers, grass, trees and bushes.
 - Performed weekly groundskeeping and building maintenance to multiple satisfied customers.
 - Operated landscaping equipment with focus on safety and efficiency.
- 08/2020 to 10/2020 **Agricultural Worker**
Department Of Agriculture – Collbran, CO
- Lifted 50+ pounds and displayed superior strength and stamina in harsh weather conditions.
 - Handled and moved various plants and produce using tractors and wheelbarrows.
 - Irrigated farm soil and performed repairs and routine maintenance on pipes and pumps.
 - Watered plants, pruned plants, defoliate plants and clone plants
- 09/2013 to 05/2019 **Animal Health Technician**
Wolf Creek Pet Adoption Center – City, STATE
- Performed pet intake to gain necessary information concerning health, behaviors, potential allergies and other details to provide complete records and methods of owner contact.
 - Cleaned and disinfected exam areas, equipment and kennels to prevent spread of disease, control odors and maintain healthy environment.
 - Interacted with clients regarding animal health, questions and concerns, education on treatment protocol and general procedures.
 - Evaluated incoming patients to determine treatment needs and urgency of care.
 - Swabbed ears to remove wax and dirt, removing extra hair to allow air to circulate freely and avoid infection.
 - Collected specimens from patients for laboratory analysis for parasites, blood analysis and culture.
 - Carefully clipped nails and trimmed hair around pads and paws, using gentle approach for anxious pets.
 - Monitored health and behavior of animals by looking for urine and fecal output, completing weight checks and observing appetite during feeding.
 - Monitored up to 20 animals in post-operative care unit for anesthesia recovery, vital signs and activity levels.
 - Conducted preliminary patient workups including gathering patient history information, description of symptoms from owner, and documenting presenting condition.
 - Established intravenous drips for ongoing hydration in treatment of canines suffering from parvovirus infections.
 - Bathed and dipped dogs/cats afflicted with mange or parasitic infestations and applied specific medications for itch relief.
 - Greeted pet owners and performed intakes to go over array of available services, outline costs and determine special needs of animal while in care.
 - Administered general and emergency first aid by dressing wounds and performing emergency resuscitation.
 - Restrained animals safely during exams and procedures.
 - Maintained patient charts by documenting information to reflect updated health issues and most recent medical treatment.
 - Redesigned examination room and boarding facility to improve client relations and patient care.
 - Educated caregivers and pet owners on animal care, nutrition and disease management.
 - Performed physical examination of animals by recording basic vital signs, including pulse, respiration data and temperature.
 - Provided exemplary customer service to owners by answering animal health questions and educating about positive animal care practices.
 - Collected, prepared and labeled samples for laboratory testing, culture and microscopic examination.

EDUCATION

- 09/2012 **GED**
Jefferson County Adult School - Monticello, FL
