JOB OBJECTIVE

To use my abilities and skills to fill a Creative Graphic Designer position with the right organization.

EXPERIENCE

Creative Graphic Designer, 2016–Present

Dodier & Co.

- Designed a consistent look and feel with regard to branding guidelines Education Bachelor's degree in graphic design and related field.
- Assisted in the design of exhibition-related graphics, including signage and building banners, from concept through production.
- Worked with other design resources within Precor to ensure the consistency of visual design ideas implemented across the company.
- Worked with others, such as printers, programmers, developers, and other technicians, to complete the final product.

Creative Graphic Designer, 2014–2016

UBM

- Designed and developed games using ActionScript and Scaleform.
- Served as an eternal student and gained knowledge of design trends and techniques through research and tutorials.
- Worked cross-departmentally within Precor to support graphics requests and ensure brand standards were maintained.
- Maintained the visual integrity of the brand.
- Used computer graphics software and hardware to develop original graphic elements and composite image medium for production.
