

 MS

Mina Sayed

A test engineer with 10+ years of professional experience, specializing in engineering management, hardware testing, and quality assurance. Has a strong history of building and leading testing teams to enhance manufacturing output for enterprise organizations.

Professional Experience

Senior Test Engineer

Future Medical Technologies, San Diego, CA | October 2016 – Present

- Manage a team of 15+ test engineers and hardware engineers to develop and execute testing protocols for the manufacture of cutting-edge medical equipment products
- Lead initiatives to refine testing procedures and enhance quality assurance reviews by developing a work culture of empowerment and accountability
- Coordinate with engineering leaders and management to recruit, train, and onboard 10+ new inspectors, resulting in a 50% increase in testing throughput

Test Engineer

Manufacturing Consultants Inc., San Diego, CA | May 2011 – October 2016

- Analyzed testing protocols, processes, and procedures to improve manufacturing operations for 10 client accounts valued at up to \$300K
- Reviewed testing documentation and provided recommendations to ensure compliance with product testing and quality assurance requirements
