SUMMARY

I was an aspiring student interested in applying excellent communication and interpersonal skills in the role of environmentalist. Experienced in data entry. Can quickly memorize work details and build relationships with clients. Detail-oriented and able to quickly learn new concepts. I am now a motivated professional with a master's degree in ecology.

More than 9 years of experience as the head of the civil service of several departments in the State Department for Environmental Protection in the Kirovograd region and the State Environmental Inspectorate in the Kirovograd region of the Ministry of Ecology of Ukraine.

An organized, hardworking and multitasking employee who strives to apply time management and organizational skills in a variety of settings. Highly motivated employee with a desire to take on new challenges. High ethics, adaptability and exceptional interpersonal skills.

Able to work effectively without supervision and learn new skills quickly. Adheres to tight deadlines.

Designer with over 2.5 years of experience in Spangle Designs on a ProSpangle machine. Excellent time management, organizational and communication skills. Works closely with clients to create original concepts, develop designs and consistently meet deadlines. Works well on its own or as part of a dynamic team.

Fluency in Ukrainian and Russian languages.
