## EXPERIENCE

### PURDY-RODRIGUEZ

Detroit, MI // *Agriculture*

04/2020 – present

- Contribute to the preparation and supervision of agriculture projects in Laos led by the Agriculture and Food GP and those projects supporting agriculture and food system related activities managed by other GPs
- Remain up-to-date with relevant developments in the country and analytical work in the sector
- Coordinate and follow up with government counterparts and consultants, provide high-quality research and analytical support, including drafting policy notes related to agriculture, agribusiness, natural resources management, rural development and water policies

### TURCOTTE-CORMIER

Detroit, MI // *Agriculture*

10/2014 – 02/2020

- Contribute to policy dialogue on agricultural and rural issues and interactions with the client and partners, and alert management (both country and sector) to issues requiring attention
- Assume an active role in the country team with the aim to ensure adequate and appropriate integration of relevant aspects of the agriculture and food systems and rural development agenda in core Bank products, including the country partnership framework, strategic country diagnostic, country economic memorandum and the like
- Serve as an active member of the SEAAG team, contributing to the Region's strategic scale up of support for agricultural and food systems development

---
