PERSONAL SUMMARY

A safety conscious and capable Aircraft Technician who will make sure an aircraft is airworthy and ready to go at any time. Maxine is a safety conscious professional who can be trusted to use highly dangerous equipment and materials properly. She is always precise in her work and as a true professional will always ensure that things are repaired exactly as they should be. During her career, she has overhauled and repaired fast jets, transport aircraft, helicopters and air-to-air refuelling airplanes. Right now, she is looking for a position that is suited to individuals who want to develop a long term career within the role.

WORK EXPERIENCE

Company name - Location
