My Life Philosophy

In the world of software testing, quality is not an act, it's a habit.

Summary

Passionate and dedicated QA Tester with 5 years of experience ensuring the quality and functionality of software applications. Strong analytical thinking and adaptability skills have consistently resulted in improved product quality and client satisfaction. Proficient in manual and automated testing methodologies, regression testing, and defect tracking using tools such as JIRA and Selenium. Bachelor of Science in Computer Science from the University of XYZ. Accomplished in identifying complex software issues and collaborating with cross-functional teams to implement effective solutions. ISTQB Certified Tester - Foundation Level and Certified ScrumMaster. Recognized for quality excellence and process improvement initiatives. Excited to contribute to a dynamic organization's success in delivering high-quality software solutions.

Strengths

💡 Adaptability

Successfully adapted to changing project requirements resulting in improved product quality and client satisfaction.

🪄 Analytical Thinking

Utilized strong analytical skills to identify and resolve complex software issues resulting in reduced product defects.

☆ Attention to Detail

Maintained a meticulous approach to testing, ensuring comprehensive coverage and minimal oversight of critical scenarios.

Experience

Acme Software Solutions

New York, NY

QA Tester

2022 - Ongoing

Conducted rigorous testing and quality assurance activities to ensure the optimal performance and reliability of software applications.

- Created and executed test cases, resulting in a 20% reduction in critical defects.
- Collaborated with cross-functional teams to identify and resolve complex issues, improving overall product quality.
- Developed automated test scripts using Selenium, increasing testing efficiency by 30%.
