An Investment Banking Analyst with 2+ years of experience eager to join the JP Morgan Chase Ibanking Department. Worked on 10+ sell-side and buy-side M&A deals each worth about $1B on average. Prepared valuations for 10+ venture-funded startups and IPO/M&A candidates.

Thomas Johnson

Investment Banking Analyst

Experience

2016-01 - 2017-08

Investment Banking Analyst

HSBC, New York, NY

- Interacted with high-profile clients and various levels of management, as an integral part of engagement teams on 10+ full cycles of transactional execution.
- Developed valuations as well as created and analyzed financial models, and conducted financing, comparative, and pro forma analyses.Performed precedent transaction analyses in Excel.
- Delivered engaging marketing pitches to C-suite members of 20+ large international corporate clients.
- Assisted in the preparation of over 50 PowerPoint decks based on client materials.

Key achievements:

- Assisted and supported a deal team on a successful $3.5B acquisition of a public company by a large private equity firm.
- Thanks to exceptional judgment and relationship-building skills, built a network of 50+ trusted internal and external contacts.
- Prepared a thorough financial model that discovered that a major client was undervalued by 20% in a buy-side M&A deal.
